### What is a community preservation plan?

- A plan for preserving community character ullet
- New way of financing land conservation in municipalities ullet
- An identification of natural/cultural resources to be preserved  $\bullet$
- Required before community preservation fund is established lacksquare
- A means of implementing conservation goals in a community  $\bullet$

### What is a community preservation plan?

Has three parts:

- 1. Examines official town policies, plans, and planning studies
- 2. Identifies every parcel or project that can be preserved
- 3. Examines alternatives to preservation like zoning

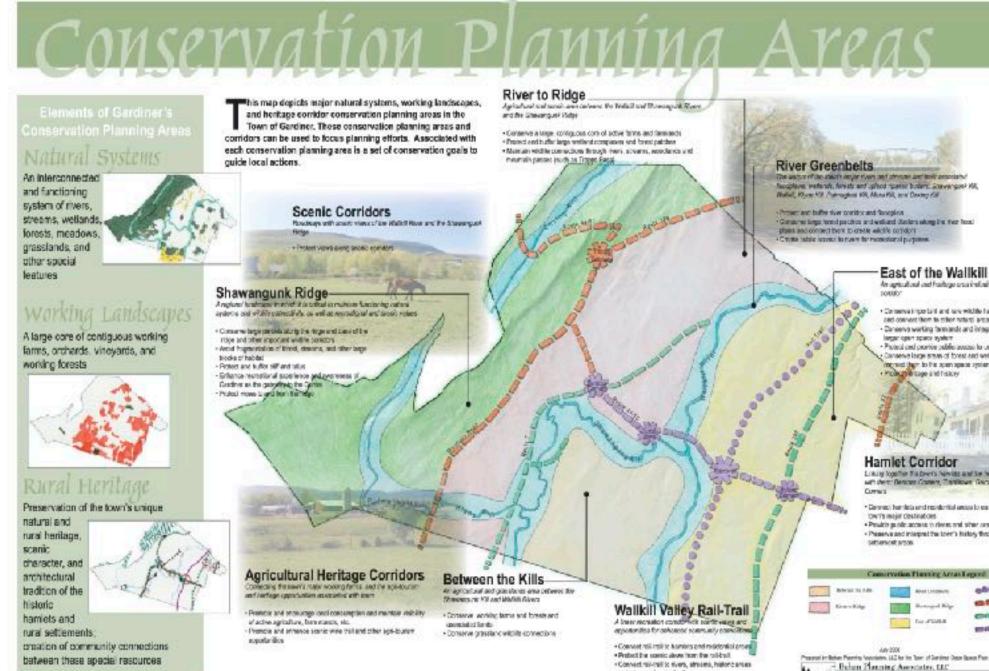

### Designed to implement Gardiner's land use vision and policies for:

- 1. Protecting Gardiner's environment
- 2. Saving open space
- 3. Ensuring water quality
- 4. Sustaining our climate
- 5. Savoring our agricultural heritage

### Creates:

- Sustainable funding source for land conservation
- Prioritization of eligible parcels with resources
- Balancing of conservation and development
- Basis for voluntary partnerships with landowners
- A decision-support tool for prioritizing preservation

## **Community Preservation Plan**

Evaluation of alternatives available for land conservation

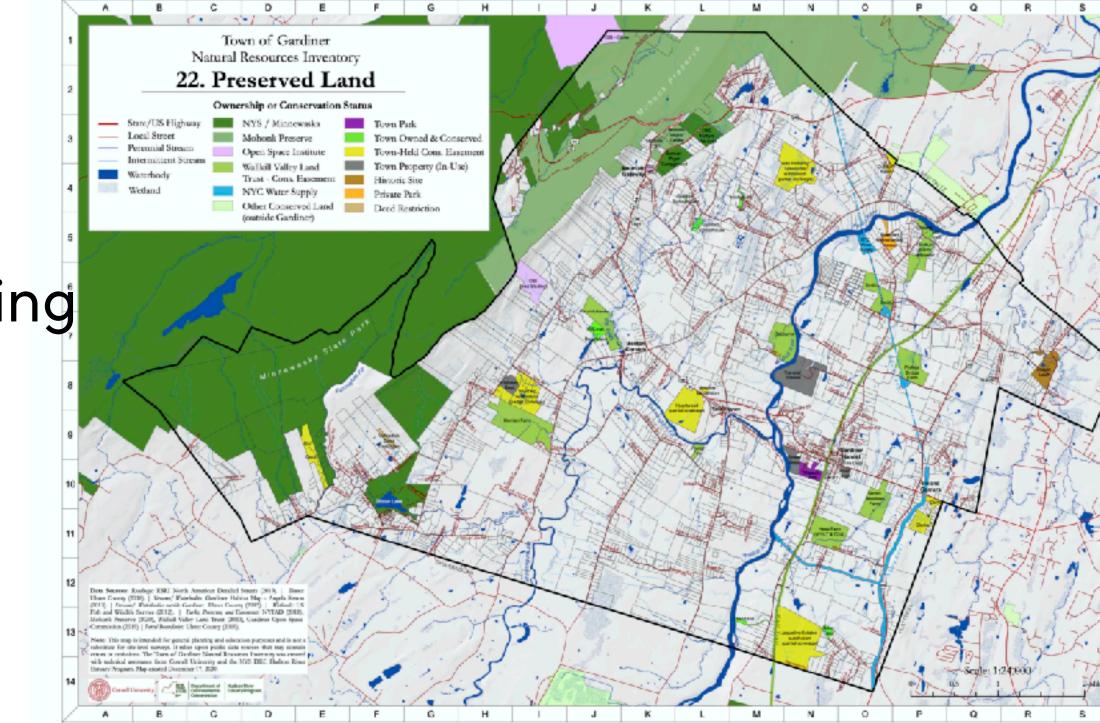

## **Community Preservation Plan Preservation Priorities**

1. Habitats and the Ridge 2. Water Resources 3. Scenic and Rural Character 4. Farmland 5. Parks and Trails 6. Historic Properties and Hamlet

### Why Another Plan?

- Town's Comprehensive Plan recommends CPP
- Zoning/Subdivision guides development
- Counters loss of open space from development
- Provides support to farmers
- Ensures balanced growth, protects drinking water & valuable resources
- Preserves nature, protects air quality
- Provides for recreation needs
- Creates resilient/sustainable community

### Hudson Valley Community Preservation Act

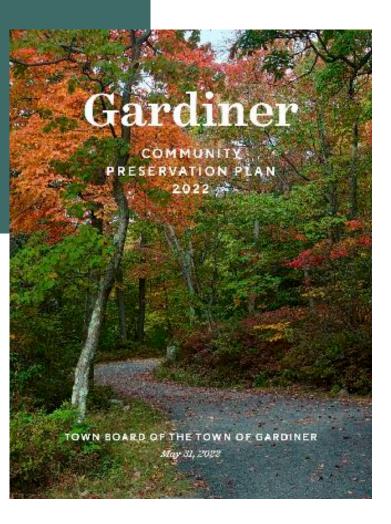

- Town Board holds public hearing and then adopts Plan
- 2. Plan describes all town policies related to preservation of natural/cultural resources
- 3. Plan lists every parcel/project needed to protect resources & preserve community character
- 4. Plan evaluates land use controls available to protect natural & cultural resources
- 5. Plan adopted 60 days before public referendum
- 6. Plan is basis for creation of Community Preservation Fund
- 7. Community Advisory Board created to advise Town Board on parcels & projects
- 8. If referendum approved, Fund used to acquire parcels or conservation easements from willing sellers
- 9. Fund revenues cannot be used for any other purpose except those authorized in Plan
- 10. Advisory Board makes recommendations to Town Board based on Plan 11. Plan updated at least every 5 years and must be filed with 3 State agencies

### Hudson Valley Community Preservation Act

- Town policies consistently sought way to fund land conservation for Open Space Plan
- 2. Community Preservation Fund revenues come from transfer tax on real estate transactions
- 3. Fund use restricted by State Law to acquisition, management & stewardship of parcels in Plan
- 4. Transfer tax <u>up to</u> 2% of real estate transactions; must adhere to NYS Tax Law Article 33-B
- 5. Program limited to willing sellers per NYS General Municipal Law Section 6-s subd. 3
- 6. Town Board must create exemption for affordable housing (i.e. median house price)
- 7. Advisory Board is 5 or 7 members with demonstrated conservation or land preservation experience and should include an active farmer
- 8. Advisory Board must recommend parcels & projects from those in the Plan
- 9. Then Town Board holds public hearing before making decision
- 10. Partnerships with land trusts key to success

### Hudson Valley Community Preservation Act In the next few weeks

- Plan available for review at Town Hall, Library, and Town website Notice of public hearing on Plan to be published
- SEQR review of plan required
- Plan and related actions adopted by Local Law
- Then, public referendum held on November 8
- Program begins 2023, if approved
