

Hudson Valley Community Power

ELECTRICITY SUPPLY PROGRAM

The Town of Gardiner is launching their electricity supply program.

Hudson Valley Community Power is a community choice aggregation (CCA) program that enables municipal leaders to leverage the purchasing power of residents and small businesses to negotiate more favorable terms on their electricity supply, protect consumers and support renewable generation sources.

Your municipality has selected an electricity supplier and all eligible residents and businesses will receive a letter in May 2023 with info about the program, their choices, and info about how to opt-out.
